Adrian decided to park it in the wall at the Sloc. Which saw a few parts needing to be replaced. He made a valiant effort in getting the parts sent across from the UK to commence the rebuild. A fluid leak on the left front meant we couldn't allow him to run at Creg Willeys despite him making it just before the last run where he could have gone up in both batches to get him time. That fluid leak was resolved overnight and he came out again to compete successfully at Lhergy.
